

WHO WANTS TO BE AN ARTHRITIS EXPERT? BONE + JOINT HEALTH TRIVIA FROM THE SHOW

When you think of a trivia show hot topic, you probably don't picture arthritis. Neither did we, until we launched Who Wants to Be an Arthritis Expert?: a highly specific game show based on a familiar format, we turned arthritis knowledge into a friendly competition hosted on Dr. D's Facebook Page.

**Do you think you know enough to be an arthritis expert?
Test your knowledge with these factoids from the show:**

1. True or False?
Arthritis is the number one cause of disability in the U.S.

2. What percentage of working-age people with arthritis have limitations in their ability to work?

3. How much do arthritis and related conditions cost in lost wages and medical expenses each year?

4. How many people in the United States have arthritis?
5. True or False? The majority of people living with arthritis are retired or past working age.
6. "Arthritis" is a Greek-derived word meaning what?
7. Which state has the lowest percentage of doctor-diagnosed arthritis?

Answers:

1. True
2. 33% Arthritis affects their ability to work, the type of work they can do or whether they can work part-time or full time.
3. \$156 billion
4. 54 million
5. FALSE! 60% of US adults with arthritis are of working age (18-64 years old)
6. Joint Inflammation. The word "Arthritis" is derived from the Greek word arthro-, which means "joint" and -itis, which means "inflammation."
7. Hawaii: About 17.2% of people in Hawaii have doctor-diagnosed arthritis.
